Stay on the E313 until exit 18 "Mortsel - Wijnegem"

At the bottom of the exit, take the roundabout, passing once underneath the highway and then follow the direction "Mortsel" You are now driving on the "Autolei".

Pass the first set of traffic lights, until you get to the first crossing with lights.

Go straight on and when you see a wind turbine on your right, get into the left lane. Turn left at the next set of traffic lights (you'll see a "Carrefour" shopping center and a "Quick" hamburger restaurant at your right)

You are now in the town of Borsbeek.

Drive straight on until the first traffic lights and turn right (the church is on your right, the police station on your left).

Stay on this road. Outside the centre of Borsbeek, you drive through fields and meadows until you reach the next traffic lights.

Cross the dual carriageway and you'll find yourself on a small cobblestone road with trees overhead.

At the first crossing, turn right and at the next crossing, the Nijverheidsstraat is the one to your right.

The second building on your right is "Reynders Pharmaceutical Labels".

Have a nice trip.
